The Renter at the Blank house is using the backstairs for storage after it was decided that was not a good idea. They have also asked to put up another sign possibly on the building this too was not approved. We need to have approval of all signs on or in front of the building John discussed other items related to signage.

We will start with the ones most in need of repair and continue until they are all addressed. There are also some areas that need sealed to prevent bird access. **Canal Boat:** John was pleased with our horse Prince's progress since winter, (*weight gain, temperament, etc.*) Two months receipts for the boat totaled \$14,000 and Three month's expenses were \$17,000.
